The MG Girl's Corner

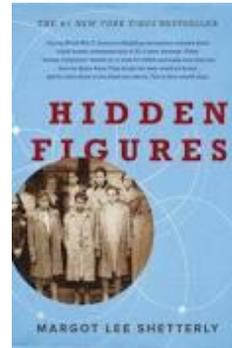

Our next MG Girl's luncheon will be at the Downtowner Woodfire Grill, Monday December 10 at 1:00. Originally we planned to go to the Lexington, until we determined that they were no longer open for lunch!! The Downtowner is located at 253 West 7th Street, St. Paul. There is free parking in the lot next door to the restaurant and in the lot across the street. Please RSVP to Elena Biessener at elen2b0916@comcast.net if you plan to attend.

We had a great time at Donna's home. The author, Tom Combs spoke with us about his books. Our next Book Club meeting will be at Wendi Sott's on Sunday, January 6 at 1:00. Be sure and bring a "dish to pass". (We always seem to end up with such wonderful food at these sessions!)

We will be reading Margot Lee Shetterly's "Hidden Figures - The American Dream and the untold story of the BLACK WOMEN MATHEMETICIANS WHO HELPED WIN THE SPACE RACE". Please be aware that the author has also published a Young People's version of the book with a similar title. "Hidden Figures - The untold true story of FOUR AFRICAN-AMERICAN WOMEN WHO HELPED LAUNCH OUR NATION INTO SPACE". The Young People's version was published after the movie (which also highlighted only four of the black women mathematicians). If you request the book from the library be aware that they do not use the phrase "Young People's Version" although that is printed on the cover. You will need

to look for the phrase "BLACK WOMEN MATHMETICIANS" to insure you get the correct title - in either book form, on CDs or on electronic media. RSVP to Wendi Sott at wjsott@hotmail.com if you plan to attend.

President's Message aka Thoughts from the BOSS

I want to thank all the members who attended the annual business meeting. For those that wanted to attend but could not make it, you

can see the minutes elsewhere in the newsletter. With that said, what a turnout! And it was not just talk about the great year we had filled with drives and tech sessions, or how the shape of next year's event planning is going to match or even surpass 2018.

First, yours truly wanted to personally extend my greatest thanks to the volunteer officers who are stepping down from their respective positions, and which will now have new faces. The officers and members' appreciation go out to "retiring from club duties" secretary Elena Biessener for her extended service keeping the club information flowing, Sue Greenway as our newsletter editor who was always eager for

your articles, and Jim Gevay as our webmaster. We all know that MG is a marque of friendship, with local clubs giving folks a like-minded place to enjoy our cars and share stories. The volunteers that take the time to manage the club are really here for you. Let us know how we are doing! I am looking forward to seeing new names like Buck Malick as secretary, Ed Schultz as newsletter editor, and Chris Cooper as webmaster. As always, you can use emails from our web page for correspondence.

Since we are on the subject of elected officers and coordinators, you may have noticed that there was not a ballot in any of the newsletters this year. Suspected reports of possible ballot chads required drastic measures. a punch-card *ballot* with a format that was easily *misread* may have resulted in many disqualified *votes*. A motion was made and carried to retain the executive branch, FOR NOW. We look forward to some opposing candidates next year.

I hope you all are on the ball and you have RSVP'd for the Holiday party, right? We again expect it's gonna be great!

Eager to keep a thumb on the world of MG, Becky and I had an opportunity to visit the Great Wolf Lodge while attending the AGM in Traverse City MI, which will be the site of next year's convention. We were reminded that NAMGBR has over one hundred affiliated clubs in North America. One of the services provided to MMGG as an affiliate club is the insurance riders we have access to when we have local club events. This is really important. This benefit comes when we keep a high percentage of local members as members of the national club. In that regard we have done very well. Thank you. This year we have seen several new members join both MMGG and NAMGBR. Also through a concentrated effort made by our membership coordinator Paul Lyon, several lapsed memberships were revived. Good work Paul!

Speaking of Paul, there was a treasurer report squeezed in the long dissertation by your president. We found that for the most part, our monies in were very, very close to our monies out. You know, just like any diligent government would manage a budget.

The next upcoming event for the club is the Holiday Party at the Lost Spur January 19th, followed by the Pub Party at the Petroff's February 16th. More information will be forthcoming in the Gazette, our Website and perhaps on Facebook. But make sure you RSVP straightaway for the Holiday party!

Our first major 2019 event for the club will

VP's Corner

Well it's November and knowing I can't take my car out for a drive

be the Spring Kick-off Brunch, which is in the planning stages for early April on Saturday the 6th. More information on this in the months ahead as the details get worked out. And for those that might like to show up early we may have an offer for some skeet shooting.

Speaking of RSVP'ing it's not too early to commit to some of the big events coming this year. Mark your home calendar to bid that vacation time starting with Rendezvous in Eau Claire June 6th-9th, then the NAMGBR convention in Traverse City MI June 23-26th, and then NAMGAR-GT 44 in Dubuque July 10-14th. While both Rendezvous and the NAMGA-GT44 are in the 4-6 hour drive time, Traverse City is a bit longer of a stretch. With a 10-12 hour drive time we would like to organize a caravan to Escanaba MI for the first leg. Yes, your car will make it! Just a little preventative maintenance and keep oil in it. Do you ever wonder what pushes all that oil around to lube under the car? An oil pump of course.

Just like 2018 we can look forward to 2019 to be a good year ahead. Keep your eyes on the calendar of events, visit our website and submit articles for the newsletter.

See you on the road.

any time soon has me just a little blue. However, the Holidays are soon approaching and I'll be busier than ever! That will make time go fast and before you know it January

will be here and then it'll be time for the MMGG Holiday Party. We may not be driving our cars but we'll be getting together and having a great time! If you haven't registered yet be sure to fill out the form and send it to Sharon Kelsey before you get too busy with the "Hussle and Bustle" of the Holiday Season. Remember; let her know what events you attended in 2018, so you get those MG Bucks for the Auction. Her email is: sgmayle51@gmail.com

And please email Elena Biessener at: elen2b0916@comcast.net to let her know if you have something to donate.

Last month I talked about feeling a bit overwhelmed because the weather had changed and we still had a long list of chores to get done before winter arrived. I'm glad to report we've gotten some of them done. The wood has been stacked, the dock is out of the lake and most of the cleanup outside is done. But not everything, as you all know winter came early and now, we'll have more yard cleanup in the spring. Where did Indian Summer go? I missed it!

Speaking of lists, I have a long list for Rendezvous 2019. We had our first official meeting after the annual meeting in November. We filled most of the open tasks with volunteer's and made final decisions on some of the open details. With that being said, I'm happy to announce you can now Register for the Rendezvous 2019! Check out our web site <https://mn-mgggroup.org/welcome-to-rendezvous-2019> to get a sneak peak of what the weekend will entail. If you haven't made your reservations at the hotel, DO IT TODAY! It's easy, you can do it on the *Welcome to Rendezvous* page.

I'd like to thank all the folks who have volunteered to run, organize and participate at Rendezvous 2019. This is what being in the club is all about, getting together, sharing ideas, making plans and putting together one fantastic weekend to be spent with friends

that share the same passion for vintage sports cars!

Here's who is helping so far:

Okie and Carol Allen, Jen and Alan Anderson, Andy Anderson, Elena Biessener, Dave and Diane Braun, Dan and Ann Buchen, Gene and Becky Cooper, Chris Cooper, Leon Dawkins, Mike and Gloria Lynch, Sue and Steve Greenway, Sharon Kelsey, Rich and Deb Leslie, Paul and Sue Lyon, Buck Malick, Diane and Ken Merrill, Dennis and Teresa Oberloh, Cindy and Jim Pennoyer, Steve Rindt, Jack Schneider, Ed and Sandi Schultz, Jeff Schlemmer, Dawn Williams, Luke and Andrea Wahl, Brad and Angie Wurgler. If you're reading this and I've missed your name or you think you'd like to give us a hand, don't be shy, send me an email today and you too can get in on the fun helping us make this a special memorable weekend.

My email: drindt4271@yahoo.com

Some of you may have heard that Steve had the opportunity to purchase a 1960 MGA 1600 Roadster. It was an Eau Claire British Car customer's car. (This happens more times than one would think.) They bring the car in for repairs and then after some of the work is done, they tell Steve they're thinking of selling the car. (He often has a list of names of folks looking for a car, or wanting to sell their car.) Well, in this case Steve couldn't pass it up. He bought the car and I must say I thought it was a nice car when it came into the shop but now it's really nice. Steve's often surprising me with new projects. Since he became the new owner, he's been making improvements throughout the car. He really enjoys the challenge of making a car look and run "tip top". Sometimes the car gets to stay part of the family and sometimes they are adopted by a new family. I think this one will be staying.

Our plans are to drive it to NAMGAR-GT 44 in Dubuque, Iowa. Can't wait!

Steve and I would like to wish all of you a Merry Christmas and Happy New Year!

Diane

President Gene called the meeting to order at 11:00. He described the calendar handout and passed around an attendance signup. He reported on the NAMGBR convention at Gettysburg this summer. Clubs need a minimum of 8 NAMGAR/NAMGBR members to be eligible to obtain event liability insurance under the umbrella policy. He made an affiliation with Brian? of MGCC (UK). MG Girls is ordering T shirts for themselves and to sell at Rendezvous. Dick's Bar is becoming crowded and parking is problematic for meetings; however to shift venues we need quiet space, parking, food and alcohol. He and Steve Greenway fabricated three flag stands with a "foot" that can be parked upon to stand up in wind. He summarized the need for "next generation owners" and urged everyone to "give a kid a ride." He thanked Elena for her service as secretary, Jennie as regalia procurer, Jim as webmaster and Sue as newsletter editor. He welcomed Ed Schultz as newsletter editor, Chris Cooper as webmaster and Buck Malick as secretary. A motion was moved, seconded and passed unanimously to elect those people to their new posts.

Paul Lyon reported that the year will end essentially even with last year. He distributed a financial report showing assets of about \$9500 and annual income/expenses of about \$6500. There are 110 members compared with 86 last year. 17 are also members of NAMGAR and 37 of NAMGBR. Filing with the MN Secretary of State and the filing of

the MMGG 990N tax return year for 2017 were completed in a timely manner earlier this year. 2018 filings will be completed after the close of 2018 per the State of MN and IRS reporting requirements.

How It Found Me

I was visiting my good friend Chris in northeastern Indiana on a chilly December afternoon in 2015. He told me that, because of health issues, his father was moving into an assisted care facility. He mentioned that he wanted to sell his two cars as he was no longer going to be driving. I asked Chris what he would be selling, thinking of Buick, Toyota, or maybe a Ford pickup truck. I quickly forgot what the first car was after I heard the second; “MG”, which I committed to memory.

At that moment, there was a small shockwave that peeled away 45 years from my memory and sent me back to the time when I was 19. I saw myself driving, once again, my 1969 Triumph with its wire wheels, red-line Michelins, and dark blue body. I loved that car, but I also enjoyed British cars in general and the driving fun that was built into their DNA.

1969 TR6, photo circa 1970. My dog liked to ride along.

When I recovered from my mental time travel, cold reality hit me in the face. I did not have the physical space nor the time to bring another car into our family at that point. I asked a couple of questions about the MG, but I didn't want to see it in a picture or, worse yet, touch it, because every bit of my resistance would crumble.

The annual visit and conversation was repeated in December of 2016 with the same outcome. His father's health had gotten a

little worse and the car was still parked in a garage. The seed that had been planted in my mind the year before had started to grow small roots.

During the autumn of 2017, Chris's father passed away. During our December visit that year I thought it would be insensitive to ask about the MG, but during dinner the question seemed to fit comfortably into the conversation. I said “You must have sold that MG by now.” He replied “No, I still have to sell it and now it's sitting in my garage.” I took the next fateful leap and asked about the year, model, color, miles, known problems, and whether it would run. The answers were 1980, MGB LE, black, 84,000, a bad brake line and dead battery, and it would run. After dinner, we returned to his garage and I saw the MG, touched it, bought it, and shook hands.

The reality of the situation started to sink in quickly; there was a considerable amount of garage clean-out to be done, the car had to be transported from Indiana to Minnesota, and I wanted to get it running so that it could be driven during the short number of warm months. I also wondered whether there was a club of MG owners in the Twin Cities? That would really be great!

Chris works for Penske, so in March of 2018 he put the car on a trailer from his facility and we met in Rockford, IL, the midway point of the 600-mile trip.

Meeting up with my friend Chris (on left) in Rockford, IL.

After attaching the trailer to

my rented truck, I hauled it home to Apple Valley. I had researched garages that could do whatever mechanical restoration was required. The next day I dropped the car off at Quality Coaches and they quickly started to examine, rebuild, and replace the components and fluids that would once again make it dependable to drive. After a couple of weeks, it was ready to go and I was excited to drive to its new home in that clean third garage stall.

By mid-summer, new LE silver stripes had been re-attached (the originals were removed many years ago when the car was repainted), the seats had been rebuilt, and a dead Pioneer radio was replaced with a modern one with USB and Bluetooth interfaces. I take opportunities to go for drives and become more comfortable traveling longer distances. Chris seems happy to hear that the car is running well and someone who values it is the new owner.

From the Editor

Greetings fellow MG drivers and owners. I hope everyone enjoyed their Thanksgiving dinner with family and friends. If you are traveling, I hope each of you had a safe trip. I'm sure by now most of you have heard that Sue Greenway has been looking for someone to take over the newsletter and I have decided to attempt to do so. Sue did a great job and when we decided to move back to Minnesota from Maine I found the MMGG. I was sent several past copies of the newsletter and was impressed by not only the number of activities but how well the newsletter was put together. A big thanks to Sue for doing a great job these past four years.

Well November is upon us (or past us depending on when I get the newsletter out!) and I'm sure that most of us have our cars safely stored away for the winter, looking forward to spring when we can get them on the road again. Some of you may have the facilities to store your car in your garage and

The MMGG Fall Tour was the first time I have taken it more than 100 miles at one time and it was great fun. The club members enjoy the time together and have been very welcoming. I want to take advantage of many more of the planned events in 2019.

So, did I find the car, or did it find me? My view is that it waited patiently for three years and finally found me. One thing I do know for sure is that I can still feel those 45 years peeling away whenever I take my MGB for a drive and shift through the gears.

Mike McKuras

can then work on them over the winter provided the garage is heated. However, I suspect that most of us have them stored in a remote location and will not have ready access to them until spring rolls around. That is 5 long months away from us and so what do we do in the off driving season? I'm sure several of us have other outlets and hobbies that can help keep our minds occupied until such time as the warm weather returns. So, what I would like to ask the members is, if you do have an interesting hobby or activity, send me an article (with pictures if available) and let others know how you spend your off driving time. I will certainly appreciate it.

As for myself I have a few hobbies that keep the mind from getting fuzzy during the long winter months. The first is model railroading. Yes, I do play with trains and thoroughly enjoy it. I have been in the hobby for over 40 years and will be putting up a layout once I get the store room finished off. Pictures will

follow once the room is finished. Another activity I have is playing (well sort of playing) guitar. I have also been doing this for over 50 years and find it very relaxing.

On the subject of articles, if you are new to the MMGG, send us a bio of yourself and

some pictures. This is a great way for folks to learn a little about you and your car.

Drive Safe,
Ed

A Rare Photo of a Mother Spanner Feeding Her Young

A Small World

Last week my wife and I attended a small party put on by our Real Estate agent. The gathering was held at a local restaurant in Eagan. After the usual pleasantries we got something to eat and took a seat at a table. A woman sat across from us and we introduced ourselves but her name didn't ring a bell. Our agent came over and made a comment that the woman sitting across from us got the three car garage I wanted as she needed it for her car. When I asked what type of car she

stated, "An MG." Turns out we were sitting across from Lorna McReaken, an MMGG member. Lorna owns a blue 1969 MGB. Definitely a small world.
