From the Boss

Ladies and Gentleman,

How do you start a column after losing a great member and tireless club volunteer. Jim Pennoyer my friend, we will all miss you. The support of the MG family celebrating not only his MG life, but also highlighting his great commitment to family and church was phenomenal. Many have heard the saying, “come for the cars and stay for the friendships.” I hope all of you are enjoying MG and your fellow members. Plan your trips both near and far. Start or keep making memories.

We have had a busy driving season so far. Some of us enjoyed seeing some really fine garages at the Chanhassen Autoplex August 31st. Sometimes you find the grass really is greener on the other side of the alley.

The Osceola Wheels and Wing show the first week of September was wonderful. Meeting our club newsletter editor way before his normal wakie waikie time, the crack of noon, we departed at 5:30am to a cool crisp morning. One thing about leaving early is the lack of traffic found on our construction choked roads. While not the first to arrive at the show field we did arrive before 7am. Rewarded for our early drive, the sun came up finding us engulfed in heavy fog.

Cars and trucks soon formed a queue nearly back to WI 35. While it never really warmed us, the sun did come out for a wonderful airshow. After that the weather held out long enough, only needing to secure the hood from the boot for the drive home. There may have been a \$195,000 super car there,

but we found lots of folks stopping to see our MGs.

While driving back from Wheels & Wings your Prez encountered a decided reduction of clutch pedal effectiveness. Parts have been ordered for a hydraulic system overhaul, planning to take it on the Fall Color Tour. As quoted and repeated from an mgexp.com post: "Oh well, I'm an English car owner, so I'm accustomed to standing in a cold shower, ripping up hundred dollar bills, while humming 'Singing In The Rain'."

So remember when it's time to break out the tools to work on your LBC always follow the rules:

Rule 1: Always use the right tool.

Rule 2: A hammer is always the right tool.

Rule 3: Anything can be used as a hammer.

The garage Tour scheduled for September 21st was moved to the 28th hoping for better weather after a forecast of rain on the original date. I hope I have seen many of you there. I'm sure we can ask to see their favorite hammers, *I mean tools*.

If it's October then it must be time for the Fall Color Tour October 12th. No visit to the river bottoms traveling to a winery this year for us, though. This year we are invited to join Brian McCullough of BMC British Automobiles in Isanti county, our destination at the end of the tour. See the web calendar for any updates.

At the end of October Becky & I will be traveling to the NAMGBR AGM, the site of next years convention, in Calgary AB Canada. I hope to bring information back to share at our next event.....

And that next event to share the info will be our MMGG annual business meeting and election. This is the time for us to reflect on the year's events and take a WAG on what next year will bring. Please join us at Joseph's Grill, 140 South Wabasha Street Saint Paul MN 55107. With our Vice President stepping down, the club needs people to step forward to fill our officer positions. Our club continues to grow so come out and support it. We need your input. Please drop me a line for planning the appetizer order.

Lastly, with the end of the year approaching, I want to remind you all of some dates for next year. Vacation planning can never begin too soon especially for those that need to consider staffing requests to be off.

GT-45 NAMGAR

June 1st-5th in Colorado Springs CO- Clocking in at only 875 miles avoiding highways via Google, that's about 14-15 driving hours. That is a pretty long trophy dash. More comfortably maybe a night on the road, somewhere near Hastings Nebraska.

RENDEZVOUS 2020

June 11-13th Kenora ON.

Yes that's Canada so you do need a passport. Only 450 miles, or about 8 hours away. Plan on leaving the Twin Cities heading north, aiming at Baudette, refueling before we cross the border. Then a short 3 hours to go.

NAMGBR Calgary 2020

June 28th-July 1st Calgary AB. Yep, that's Canada again 'eh.

1200 to 1300 miles one way but who's counting at that distance.

With ~20 hours of driving I suspect at least 2 overnight stops enroute.

So please plan on joining us and driving your MG to one-or all-of these events!

See you on the road.

Gene

From the V.P.

Fall is here! The leaves are turning, the temperatures are cooler, and the days are getting shorter. I

hope everyone is ready for the Fall Colour Tour on October 12th. It looks like it will be a fun drive with a great destination for lunch, BMC Motors. Check out all the details in this month's issue or visit our clubs web site and

select the October 12th on the Calendar of Events page. <https://mn-mgggroup.org/calendar>

From the VP (Con't)

There's only one month away from the annual meeting, November 9th where we make all the plans for 2020. Please don't forget and mark your calendars now and be sure to attend. We need everyone to chip in and make it another great year to ride around in our LBC's!

September brought such sad news, our good friend and MMGG member, Jim Pennoyer passed away. Jim was a gentleman with a big heart. He was absolutely passionate about the British car hobby. He was someone who put his heart and soul into every project or event he was involved in. If you were one of the fortunate folks to win some of his fine art at The Minnesota MG Group Holiday parties, you know what I'm talking about. For years Jim made stained glass items that everyone bid on at the auction, pictures, floor lamps, shadow boxes and more. I know Jim spent countless hours/days/weeks creating the treasured items for all of us to enjoy. Jim also loved woodworking, he created pens, boxes, tables, candleholders, and more. From what I understand, Jim's generosity wasn't just with the car club's it extended to his church and his community.

Since Steve and I met Jim and Cindy in 2001, they were always eager to give us a helping hand with the events we ran. At every *Rally in the Valley* Jim was in charge of the car show and most years the trophies. When we added the skilled driving Funkhanna, he helped with that too. He also announced and handed out the awards for the car show at the awards ceremony while Steve and I were in the dressing room, getting ready for the next act. In 2009 we included Jim in one of the skits, and if you were there, you know what fun we had! Jim helped us this year with Rendezvous car show and awards ceremony too, we have so many fond memories that included Jim and his family, not just the Minnesota MG Events but also the National Events. We will never forget all the good times we had with Jim. I can still hear his voice and laughter. I'm confident he will be looking down on us from the heavens as we travel this county in our MG's.

Safety Fast!

NEW EVENT!!!!!!!!!!!!

MMGG Fall Colour Tour

Yes, there will be a MMGG Fall Colour tour this year. I am unsure if there will be Fall Colours though, but there will be curvy back roads with plenty of trees, lakes, bogs, cattails, and other distractions along the way. I mean how many other drives have a trapeze park along the way!

AND, this year the tour is being coordinated with Brian McCullough of BMC British Automobiles in Isanti county - And is our destination at the end of the tour.

So, while the tour may start out with primarily MGs from MMGG we will be joining others at our destination for an OPEN HOUSE @ BMC, with most importantly - Food & Beverage. Brian will be posting his information separately. Other Marques are Welcome to join MMGG for the tour.

WHAT: MMGG Fall Colour Tour

WHEN: Saturday 12th Oct 2019 - 9:00 a.m. meet - 9:30 a.m. Driver's meeting - 10 a.m. Depart

WHERE: Masonic Lodge parking lot behind McDonalds & Red Roof Inn on Hwy 61 in White Bear Lake, just south of Hwy 96.

DISTANCE: As I keep changing the route, it is currently an estimated 50-60 miles from WBL to BMC - this obviously is not 'as the crow flies' !

There is a Holiday gas station very close to start point that may even have non-oxygenated gas. The Kwik station next to BMC does have it.

Depending upon weather and time we may at least slow down for points of interest along the way.

For now BMC's Open House is projected to be from 10 a.m. to 2 or 3 p.m. I am aiming to have to tour group arrive by noon.

Keep an eye out in your inbox for any changes.

Garage Tours

The MN MG Group conducted a garage tour of 3 garages with totally different approaches to creating that perfect man cave.

The 1st garage on the tour was the Cooper Garage in Prior Lake. Gene and Becky provided everyone with hot coffee and donuts. I of course was too lazy to drive down to Prior Lake, so instead I joined the group at...

The 2nd garage on the tour was the Merrill Taj Mahal in S. St. Paul, where I arrived well ahead of the group, taking the above mentioned short cut of bypassing Prior Lake.

I was provided a private tour while Kenny and I awaited the masses. As I think the MG group will concur, Kenny can now be called Mr. Gadget!

The things that Kenny has added to his garage amazed everyone. Many gadgets are time and labor saving, but making the gadgets certainly wasn't.

First up, the lawnmower lift. A device to raise a lawnmower to a comfortable height. Then there is the hidden ladder to the shop attic. The stop light in the corner for proceeding in to the garage and many, many more gadgets.

Our 3rd stop was the Wallrich Tiki Garage in Ramsey. Where attempts were made to smooth out my MG's running (there is still a hidden problem causing a miss), Al Anderson got new horns, and Dick Wallrich got his Midget running again. Again - not a day for Randy to rest.

A good day for a drive, some good garages that point out I do not have a man cave - I have a shed in which I parked and work on cars, but it has a pretty good sound system; albeit without cooling and heating vents and gadgets and I don't lift my lawnmower, I tip it over to work on it. And I don't have a beautiful RV to crash in whenever the whim surfaces.

The newsletter editor bought along a friend visiting from Atlanta, Steve Adams. Steve loved the tours but didn't care for what he considered "cold" weather. Becky Cooper offered him a Nanook hat but he declined. I told him to put on his man pants and left the top down for the whole trip. Not a good host but driving season is coming to an end so need to get in all the top down driving we can get. Sorry Steve.

Too bad others didn't make the tour. I have a lot to do fix my man cave up for public viewing.

Nice Hat Becky!

My friend Steve from Atlanta and Alan chat it up at the Cooper garage before heading to the Taj Mahal.

Hmmmm. I'm not sure that this is an OSHA approved spark plug clean up method.

New horns for Al's B.

Getting Dick's Midget running smoothly. Never a day off for Randy.

A great day was had by all.

Cars & Caves

Six MMGG Members took up the invite from the MG 'T' Register Group and took our MGs to the Cars and Caves show at the AutoPlex in Chanhassen. The AutoPlex is a phenomenal complex consisting of well over a hundred garages, most very well finished and fully decorated. Most of the owners had their garages open to the crowds and the collection of cars stored in these garages is unbelievable. A big thanks to the MG 'T' Register for extending an invite to the MMGG members. Those that showed up thoroughly enjoyed themselves.

MG Picnic

Dawn Williams hosted a great picnic at her home on September 1 which was well attended. Ken Wanovich provided the music and members pot lucked it for dinner. The weather held and everyone enjoyed themselves. Thanks Dawn!

The MG Girls

The next MG book Club will be held on Sunday, October 20 at Sharon Kelsey's. Sharon's address is 15942 Harmony Way in Apple Valley. Remember - our book meetings are pot luck so be sure to bring a dish to share. Please RSVP to Sharon at sgmayle51@gmail.com if you plan to attend.

Our next MG Girls' lunch outing will be on Tuesday, October 29 at Patrick's Bakery and Cafe in Edina. Their address is 2928 West 66th Street (Southdale Square). Please RSVP to Elena at elen2b0916@comcast.net.

Wheels & Wings

The annual Wheels and Wings show was held on Saturday, September 7th in Osceola. Several MMGG Members made it to the show, most in their cars and one in their plane. Guess that's why it's called Wheels and Wings. And yes, the story is true. Your newsletter editor who, since he is retired, normally does not get up before the crack of noon made it up well before dawn to get to the show in order to help with set up. For you disbelievers I even have photographic proof! Yes, as the sun came up the fog rolled in so I snapped off a few pictures of the sunrise behind our flag.

Jim Pennoyer 1964-2019

As I am sure all of you know by now the MG world lost a great member this September. Jim Pennoyer passed away on September 10, 2019 at the age of 55. He is survived by his wife of 22 years, Cindy, son, Steven; parents, Carol Pennoyer, Bryson (Gale) Pennoyer; siblings, Robert (Julie) Pennoyer, Ashley (Craig) Vevoda, and Brett Pennoyer.

As a fairly new MMGG member I had only come to know Jim for short period of time but in that short span of time I could tell he was a true gentleman. I know that he will truly be missed by his family and anyone who came to know him. Our condolences to Cindy and her family.

I've included as many photos as were sent to me. Hope these bring back the good memories you have of Jim.

The Dash

I read of a man who stood to speak
At the funeral of a friend.
He referred to the dates on his tombstone
From the beginning to the end.

He noted that first came the date of his birth
And spoke of the following date with tears,
But he said what mattered most of all
Was the dash between those years.

For that dash represents all the time
That he spent alive on earth
And now only those who loved him
Know what that little line is worth.

For it matters not, how much we own,
The cars, the house, the cash,
What matters is how we live and love
And how we spend our dash.

So, think about this long and hard;
Are there things you'd like to change?

For you never know how much time is left
That can still be rearranged.

If we could just slow down enough
To consider what's true and real
And always try to understand
The way other people feel.

And be less quick to anger
And show appreciation more
And love the people in our lives
Like we've never loved before.

If we treat each other with respect
And more often wear a smile,
Remembering that this special dash
Might only last a little while.

So, when your eulogy is being read
With your life's actions to rehash
Would you be proud of the things they say
About how you spent your dash?

1952 MG TD Midget, Body# TD22381, Engine XPAG 12204 Smyrna, GA Asking \$15,250
 This car has a good running and dependable 1250 CC 4-cylinder engine and a 4-speed manual transmission. This MG comes with all side curtains, a cockpit cover and the convertible top is in fair condition. The car was last restored in the 1970s and shows well for its age. It starts quickly, runs great and shifts through all the gears. The syncros are a bit lazy though. A Dave Clark 4.3/1 rear-end has been installed enabling the car to better keep up with modern traffic. The dash is in very good condition and all the gauges work except for the clock. The door panels and seats show their age, but look good with no tears or rips. The electrical system operates normally and the car has a new generator. The red paint shows some age and has some chips and blemishes with a small dent on the right fender but still has great shine. I have many extra new parts to go with the car including a luggage rack, rubber kit and hub caps. Tom Rhodes 678-207-9389 (evenings) or TomRhodesEmail@gmail.com

*It is easy to reduce your MMGG Club membership dues. For each of the following you do, you'll receive a \$5 discount: Pay before April 30th, join and provide a registration # for NAMGAR or NAMGBR. (Please email a copy of the membership information to Paul Lyon at PLYon1962@gmail.com.)

Our club receives direct benefit from NAMGAR and NAMGBR in the form of various insurances to protect our members and volunteers but we do need to ensure a percentage of our member join these organizations so please consider joining!
